Title: Mythran's Plan

Author: Mythran

Salutations,

Your information on moongates was very helpful. It is similar to the way the explosive destruction of the great obelisk let the Titans into our world. The first part of my plan is to delay the creation of any doorway that allows more of the Titans' servants into your world. Hopefully, your people recognize the threat and work to stop it.

For the rest of my plan. I need your greatest warriors and mages to come together and be empowered with the magics of the Ethereal Void. These Warriors of Ether may have the ability to stand against the Titans before they lay waste to your world. I don't have all the pieces yet, and I need time to prepare. Last night, in a dream, a mouse told me that recruiting had already begun. I need you to figure out the rest of the rituals needed for the Warriors of Ether.

Good luck, my friend.
